- Teaching is **compulsory** during your registrar time. If a registrar is unable to attend, it is the registrar’s responsibility to arrange a swop or find a replacement registrar and to inform the Team Leader and Consultant prior to the allocated teaching day.
- Ensure allocated registrars are present on the day and **on time** to set up and prepare for the day.
- Ensure that Zama/Ishmael prints enough student handouts and tests for AIME days. This must be **collected before the teaching day**, as the handouts and tests must be ready for 07h45 on the teaching day.
- Check all equipment is present and functional at the **beginning** and at the **end** of each teaching day. If there are any problems, inform the consultant on duty and ensure the missing/dysfunctional equipment is replaced.
- Ensure that all students sign the attendance register

|                  |                                                            |
